**Fieldbus**  
Foundation

## Easier Than You Thought, FOUNDATION™ fieldbus Brings It All Together.

With FOUNDATION Fieldbus improve the technology over the past decades and proven results of thousands of plants built and controlled using FOUNDATION Fieldbus technology, it is no wonder easier than you thought using this technology today.

Attend a free, interactive seminar and discover how this advanced technology can optimized your entire plant lifecycle - from best practices for engineering and comissioning, and implementing control in the field, to realizing the benefit of unparalleled device diagnostics.

### Fieldbus Seminar Focus

- Lifecycle benefits FF Project Management
- Improve Usability & Lower Cost Installation FF Best Practice
- Commissioning FF Issues and Device Diagnostics

### Sales Force Training Focus

Learn from Larry O' Brien and experienced members in the marketing training, myths and instrument integration technologies.
